

ELISTAT - Enriching the lives of seniors through the art therapy

MULTIPLIER EVENT IN ANKARA

Elistat Project Multiplier Event was held in Ankara on 27th July 2023 and with the participation of 91 people including seniors, volunteers, academics, social workers and psychologists working in the field of ageing.

Many press members from the national press also attended the multiplier event.

During the event, the project and project outputs were introduced to participants by experts from Ankara Provincial Directorate of Family and Social Services,

After the presentations, Question and Answer session took place, the participants were highly interactive during this session.

It was also observed that various networks were established among the participants working in the field of ageing.

At the end of the all sessions, a music choir consisting of elderly people took the stage and spiced up the event.

MULTIPLIER EVENT IN BITONTO, ITALY

Sinergia organized the multiplier event in Bitonto, Italy, on 26/07/2023, involving 31 representatives of the local municipality, the local NGOs dealing with elderly services, trainers, educators and social workers from elderly social services and facilities, volunteers and family caregivers from local associations of families and NGOs.

During the event, Sinergia registered a great interest in the proposed methodology, in the variety and flexibility of integrated resources available for professionals, caregivers and seniors.

SUSTAINABILITY STRATEGY

Elistat

- The main outputs of the Project which are Online Learning Platform, Activity Book, Educational Videos and Podcasts will be continued for at least 5 years after the end of the Project.
- The inclusion of older individuals and adult trainers at local, national and European levels will offer a much wider sustainability potential by including a large number of individuals, institutions, organizations and authorities.
- The fact that all materials are online and cost effective will contribute to the sustainability of the project.
